A message from the **PRINCIPAL**

Hello Jubilee families, what a fabulous half term we have had!

We've seen our reception children settle into Jubilee life very quickly and have really made a strong start to their learning journey.

Across school, all year groups have been stepping back into the past to learn about significant periods in history.

Year 1 have been learning about what it was like to be a child in the past including toys they played with. They even discovered what school was like a long time ago. As a fabulous finish to their topic they celebrated with a 1950s day, where they had a Punch and Judy show in school.

Year 2 have been learning about Magnificent Monarchs and the world around royalty. They have been investigating the castles and buildings they lived in. As their fabulous finish, they visited Warwick Castle.

Year 3 have been historians in the Stone Age. Their learning has been fantastic through hands on experiences in the classroom finding out what people ate by looking at

Stone Age poo! Their fabulous finish was a visit by a Stone Age experts who gave the children the most wonderful Stone Age experience.

Year 4 have been learning about what happened when to Britain after the Roman invasion. They celebrated the end of their topic with a Viking adventure day.

Year 5 have been learning about the Greeks and loved learning about democracy and laws. They finished with a fabulous Greek experience day.

Year 6 have been learning about the war. They have discovered what life was like for children, soldiers and families still at home or had been evacuated to the countryside. They finished with a very emotional day at the National Memorial Arboretum.

We are also holding our Autumn parent consultations on Tuesday 15th November . Please complete the Microsoft Forms to book a time suitable for your child.

Ms K Benton

This Month's
Focus

Social Media

WhatsApp is one of the most popular messaging apps in the world, with more than 1.5 billion people in more than 180 countries using it to send and receive text, photos, videos and documents, as well as make voice and video calls through an Internet or Wi-Fi connection. The free app offers end-to-end encryption, which means that messages can only be read by the sender and the recipient in one-to-one chats, or all members if it is a group chat. Not even WhatsApp can read them.

AGE RESTRICTION
16+

What parents need to know about

WhatsApp

AGE LIMIT CHANGE

Since May 2018, the minimum age for using WhatsApp is 16 years old if you live in the European Union, including the UK. Prior to this, the minimum age was 13, which still applies for the rest of the world. WhatsApp has not yet stated whether it will take action against anyone aged between 13 and 16 who already hold accounts under the old terms and conditions, such as closing their account or seeking parental permission.

SCAM MESSAGES

Occasionally on WhatsApp, people receive spam messages from unauthorised third parties or from fraudsters pretending to offer prizes to 'lucky people', encouraging recipients to click on a link to win a prize. A common scam involves messages warning recipients that their WhatsApp subscription has run out with the hope that people are duped into providing their payment details. Other scam messages include instructions to forward the message in return for a reward or gift from WhatsApp or another person.

FAKE NEWS AND HOAXES

WhatsApp has been linked to enabling the spread of dangerous viral rumours. In India, for example, a number of attacks appear to have been sparked by false rumours shared on WhatsApp.

THE 'ONLY ADMIN' FEATURE AND CYBERBULLYING

Cyberbullying is the act of sending threatening or taunting text messages, voice messages, pictures and videos, with the aim to hurt and humiliate the receiver. The group chat and group video call features are great for multiple people to chat simultaneously, but there is the potential for people to hurt others with their comments or jokes. The 'only admin' feature gives the admin of a group chat greater control over who can send messages. Whilst this can be good for one-way announcements, the group admin has the power to block somebody from responding to an offensive message in a chat, which could result in a child being upset and unable to reply.

CONNECTING WITH STRANGERS

To start a chat in WhatsApp, you need to know the mobile number of the contact you want to speak to and they also need to have the app downloaded. WhatsApp can find contacts by accessing the address book of a device and recognising which of those contacts are using WhatsApp. If your child has shared their mobile number with someone they don't know, they can use it to get in touch via WhatsApp.

LIVE LOCATION SHARING

WhatsApp's 'Live Location' feature enables users to share their current location in real time to their contacts in a chat, allowing friends to show their movements. The feature, which can be found by pressing the 'attach' button, is described by WhatsApp as a "simple and secure way to let people know where you are." Location-sharing is already a common feature on other social apps, including Snapchat's Snap Map and Facebook Messenger and can be a useful way for a child to let loved ones know they are safe. However, if your child is in a group chat with people they do not know, they will be exposing their location.

Top Tips for Parents

CREATE A SAFE PROFILE

Even though somebody would need your child's phone number to add them as a contact, as an extra security measure we suggest altering their profile settings to control who can see their profile photo and status. The options to choose from are 'Everyone', 'My Contacts' and 'Nobody'. We suggest selecting 'My Contacts' or 'Nobody' to ensure their profile is protected.

EXPLAIN HOW TO BLOCK PEOPLE

If your child has received spam or offensive messages, calls or attachments from a contact, they should block them. Messages and status updates sent by a blocked contact will not show up on the phone and will stay undelivered. Blocking someone will not remove this contact from the contact list – they will need to be removed from the phone's address book. To block a contact, your child needs to open the person's chat stream and tap on the settings.

REPORT SCAM MESSAGES

Advise your child not to tap, share or forward any message that looks suspicious or sounds too good to be true. When your child receives a message from an unknown number for the first time, they will be given the option to report the number as spam directly inside the chat. They can also report a contact or a group as spam using the following steps: 1) Open the chat. 2) Tap on the contact or group name to open their profile information. 3) Scroll to the bottom and tap 'Report Spam'.

LEAVE A GROUP

If your child is part of a group chat that makes them feel uncomfortable or has been added to a group they don't want to be part of, use the group's settings to show them how to leave. If someone exits a group, the admin can add them back in once, if they leave again, they cannot be added again.

USING LIVE LOCATION SAFELY

If your child needs to use the 'Live Location' feature to share with you or a friend, advise them to only share it for the amount of time they need to. WhatsApp gives the options of either 15 minutes, one hour or eight hours. However, your child can choose to stop sharing at any time.

DELETE ACCIDENTAL MESSAGES

If your child has sent a message to the wrong chat or if a message they sent has contained a mistake, they can delete it. To do this, simply tap and hold on the message, choose 'Delete' and then 'Delete for everyone'. The app allows seven minutes to delete the message after it has been sent, but it is important to remember that recipients may have seen and screenshot a message before it was deleted.

SET TIME LIMITS

A 2017 study found that by the age of 14 the average child will have sent more than 35,000 texts, 30,000 WhatsApp messages and racked up more than three solid weeks of video chat. Although it is inevitable that your child will use technology, you can still set boundaries. This is not easy, especially since teens use their devices for both schoolwork and free time, often simultaneously.

Club Timetable

	Monday	Tuesday	Wednesday	Thursday	Friday
Lunchtime	Spanish Club Choir			Football Club	
After School			Dance Club Cooking Club	Multi- Sports	

We still have spaces in the following clubs!

ATTENDANCE

We encourage all children to have excellent attendance at Jubilee Academy.

Regular school attendance brings enormous benefits to individual pupils, their families, schools and the community as a whole. Without regular attendance, levels of attainment suffer and opportunities are missed to obtain maximum benefit from education.

Persistent absence and lateness will affect a child's achievement and progress in school. Comprehensive research shows that there is a direct link between a child's level of school attendance and their level of school attainment.

Year 1 Punch & Judy

Year 2 Warwick castle

Year 3 Stone Age Workshop

Year 4 Viking Workshop

Year 5 Greek Workshop

Year 6 National Arboretum

On Friday 21st October, we welcome back from Maternity Mrs Owen to Year 4. We would also like to thank Mrs Benton for her hard work in supporting the children's learning since September.
