A message from the **PRINCIPAL**

Hello everyone,

A big well done to Y6 for their hard work during SAT's week and leading up to the week. The children all tried their best and showed great resilience and determination over the four days with a fantastic attitude and effort. We recognise that children have many skills which SATS do not test and we recognise that always and are very proud of them.

Across school it has been wonderful to see children engaging with their summer term topics. As we come into our last half term, I cannot believe how quickly the academic year has gone. Some of our children will be completing their last half term at Jubilee, particularly Year 6 who will be moving onto secondary school in September. We aim for the last half term to be as productive and creative as possible,

and will be running our transition weeks to prepare children for next year. Please see the next page for more details about transition and our upcoming events - we hope to see you there!

As the weather starts to get warmer in the summer term we are happy for children to come to school in their PE Kits of a black pair of shirts, leggings or joggers and their purple jubilee top or a plain white t-shirt. If it is very sunny can children please have sun-cream applied at home before school and bring a cap or hat for outside (please label this clearly with their name) along with their water bottle which they can refill during the day.

Transition Weeks

We have been really thinking about how we support our children through their transition into their new classes and high school and will therefore be having a two-week transition starting on Monday 29th June 2026.

Due to the reduction in PAN and the low birth rates, we are having to make the decision to run some mixed age year groups. From September, Jubilee will run a Reception/Year 1 cohort and a Year 1/ Year 2 cohort. The rest of the school will, for the time being, remain as single classes.

In September, we will have some of our current staff moving on to new positions and new teaching staff into school. We will update you on staffing for next years classes over the week ending 19th June and provide further details about transition arrangements - please check dojo posts for further updates and information!

Safeguarding

This Month's Focus - Water Safety

Water Safety Out and About

Read warning signs and look for flags.

An adult must supervise you at all times.

Take extra care near fast moving, cold or deep water.

Look for lifeguards at the beach.

Do not use inflatables in the sea.

Look out for potential hazards.

If you get into trouble in the water, float on your back, then signal for help if you can.

Know to call 999 in an emergency.
